The construction of twenty-four (24) nursing home beds at its existing nursing home. These beds will be constructed to convert existing semi-private rooms into private rooms. Therefore, the construction of the new beds will not increase the bed capacity of the nursing home. There will also be constructed a large activity room, a large sunroom area, another sunroom area which will contain a small kitchen and eating area, and renovation to the existing building. This project is designed to change the nursing home from a medical model to a social model. The proposed service area for the nursing home will not change. No health services will be initiated or discontinued. It is proposed that Medicare, TennCare, commercially insured, and private-pay patients will continue to be served by the nursing home, which will continue to be licensed by the Tennessee Department of Health
